CLIMB: OLD SQUAW'S TIT
AKA PARKER NEEDLE
AKA THE FINGER

THIS CLIMB CAN BE APPROACHED BY THE DIRECTIONS OUT OF THE 'ROCK & ROAD' BOOK OR IF YOU CAN FIND THE DIRT ROADS FROM THE NORTH, THE APPROACH COULD BE SHORTER.

IT TOOK US WITH 4 WHEEL DRIVE, STILL 3 HRS TO HIKE TO THE BASE OF THE FORMATION. THE ROCK IS EXTREMELY ROTTEN, HELMETS ARE A MUST FOR THIS EXTREMELY ROTTEN ROCK, THE PROTECTION YOU GET IN WHEN YOU CAN, IS WORTHLESS IN THE EXTREMELY ROTTEN ROCK. SO IF YOU VALUE YOUR LIFE YOU WON'T DO THIS CLIMB. THE FORMATION IS LIKE THE MOVIE 'FATAL ATTRACTION' & THE ROCK IS LIKE THE SONG BY NEIL YOUNG 'PIECE OF CRAP'. YOU MAY HAVE BETTER LUCK CARRYING SOME LOST ARROW PINS & SOME SMALL ANCHORS TO 3/4", LOWE BALLS, CAMS SMALL TO MEDIUM. BRING A KNIFE & WEBBING FOR THE RAP ANCHORS. REPLACE THE RAP BOLTS TOO.
